Dark Life Book 2: Rip Tide-Kat Falls 2012-02-01 The sequel to the acclaimed subsea adventure DARK LIFE. Ty has always known that the ocean is a dangerous place. Every time he swims beyond the borders of his family's subsea farm, he's prepared to face all manner of aquatic predators-sharks, squid, killer whales . . . What Ty isn't prepared to find in the deep is an entire township chained to a sunken submarine, its inhabitants condemned to an icy underwater grave. It's only the first clue to a mystery that has claimed hundreds of lives and stands to claim two more -- lives very precious to Ty and his Topsider ally, Gemma. Now in a desperate race against the clock, Ty and Gemma find themselves in conflict with outlaws, Seaguard officers, and the savage, trident-wielding surfs -- plus a menagerie of the most deadly creatures the ocean has to offer. Kat Falls brings to life the mysteries, marvels, and monsters of the deep in this fast-paced and inventive action-adventure.

Roughing It-Holden Wells 2013-09-03 Scott Thompson, guitarist for multi-platinum-selling metal band Flesh Hook, has always been addicted to the adrenaline rush: drag racing, motocross, big game hunts in the African floodplains. He's broken bones, nearly died of exposure, and seared half his leg in a wreck. Nearing forty, he's finding it harder to feed the thrill. Enter The Company, an organization specializing in custom adventure rides—the kind where you sign a waiver absolving them of everything short of death before you get on. Company redneck Johnny Lee loves his job, and he's damned good at it. He's run rides for politicians, celebrities, CEOs and trust-fund kids and never broken character or had a complaint. He expects the Thompson ride to be more of the same—another rock star, this one so full of himself he's signed up for 48 hours, an unprecedented amount of time on the Deliverance set. Rock stars break easily, though, especially the full-of-themselves kind. Everyone breaks more easily than they expect. Even Johnny Lee. (Roughing It is a novella featuring kidnapping and m/m and m/m/m consensual rough sex.)

ABAP Objects-Thorsten Franz 2009 ABAP's object-oriented concepts let you develop flexible, self-contained software, completely independent of standard SAP applications. But doing so is challenging, even for experienced software architects. This book addresses this issue by showing you, in a hands-on, step-by-step manner, how to successfully navigate the development process with ABAP Objects. First, uncover the requirements critical for designing application systems, and how to model the application object. Then, you'll benefit from expert guidance on the application system in general, including how to split an application into packages, define dependencies, and develop interfaces. Finally, with the authors' help, you'll tackle the greatest challenge of them all: implementing the application layer. GUI programming, SAP Business Partner, and special application programming techniques are also carefully explained in detail. Complete with chapters on information acquisition and managing development projects, this comprehensive programming guide is a must for every serious ABAP developer.
