Sacred Contracts-Caroline Myss 2013-09-04
Caroline Myss, author of the New York Times bestsellers *Anatomy of the Spirit* and *Why People Don't Heal and How They Can*, presents an exciting, highly original program in this long-awaited book. Based on her internationally popular workshop of the same name, *Sacred Contracts* is a brilliant synthesis of psychology, healing guidance, and spiritual insight. As a medical intuitive, Myss has found that people often don't understand their purpose in life, which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose—our individual Sacred Contract—is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets—Abraham, Jesus, the Buddha, and Muhammad—whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories, Myss explains how you can identify your particular spiritual energies, or archetypes—the gatekeepers of your higher purpose—and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to

see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest—in fact, your divine—potential. In this process, you learn how to see your life—and the lives of others—symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract: what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and practical, *Sacred Contracts* is a completely unique process of self-discovery and spiritual archaeology and a bold, powerful work of spiritual wisdom.

Defy Gravity-Caroline Myss 2010-07-21
New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments - from rheumatoid arthritis to cancer - Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual

underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly. The Creation of Health-Caroline Myss
2009-09-23 A collaboration between a traditionally trained physician and a medical intuitive, *The Creation of Health* illuminates the deep connection between emotional dysfunction and physical illness. It describes the role that emotional disturbances play in the most common diseases and ailments from the common cold to arthritis, diabetes, heart disease, and cancer.

After providing an introduction to intuitive medicine and its history, method of diagnosis, and relationship to traditional medicine, Myss and Shealy detail the deeper emotional and psychic reasons why illness develops in the body. Dr. Shealy offers a traditional account of a particular disease or ailment, while Dr. Myss sheds light on the deeper causes through her corresponding energy analysis. Confirming the link between illness and emotion, *The Creation of Health* puts forth a groundbreaking vision of holistic healing.

Why People Don't Heal and How They Can-Caroline Myss 2013-09-04 A bold account of the development of human consciousness and spirituality over the ages and an examination of the dynamic global transformation of attitudes about healing. For more than fifteen years, Caroline Myss has studied why some people heal, while others do not. In her previous book, *Anatomy of the Spirit*, Dr. Myss illuminated the hidden interactions of belief and body, soul and cell to show how, as she inimitably puts it, "your biography becomes your biology." In *Why People Don't Heal and How They Can*, she builds on her earlier teachings of the seven different energy centers of the body to provide a vital self-healing program for physical and spiritual disorders. With her characteristic no-nonsense style and high-voltage storytelling, she exposes and explodes the five myths about healing, explains the cultural and individual contexts in which people become physically and spiritually ill and invested in "woundology," and teaches new methods of working with the challenges that the seven energy centers embody. To help you get and stay on the path to wellness, Dr. Myss provides rituals and prayers for gaining a symbolic perspective on your life issues; for bolstering your personal power; and for connecting with a universal divine energy. Dr. Myss's breakthrough views on energy medicine and her active approach to healing life issues and physical illness will help you overcome the mental blocks that keep you from becoming well.

Invisible Acts of Power-Caroline Myss
2013-07-09 For more than two decades, internationally renowned pioneer in energy medicine Caroline Myss has been studying how people use their personal power. Through her special brand of spiritual insight and intuition, her popular workshops, and her bestselling

books, Myss has helped hundreds of thousands of people meet the lifelong challenge of managing their spiritual energy and improving their lives. Now, in this inspiring new book, Myss expands her message about power in an entirely new spiritual direction. With characteristic originality, she explains how we become channels for divine grace and a conduit for miracles through kind, compassionate, generous actions, or, as she calls them, invisible acts of power. When we act compassionately, without a private agenda or expectation of credit or reward, God works invisibly, anonymously through us. And as we move from visible acts, such as giving a friend a helping hand, to invisible acts, such as prayer and healing, we undergo a profound journey of personal empowerment. The myriad simple but profound ways that people connect to create small miracles, gain a greater sense of spirituality, and transform their own -- and others' -- lives in an instant will inspire you to your own invisible acts of power...and attract them to you.

Anatomy of the Spirit-Caroline Myss 2013-09-04 Building on wisdom from Hindu, Christian, and Kaballah traditions, this comprehensive guide to energy healing reveals the hidden stresses, beliefs, and attitudes that cause illness. Anatomy of the Spirit is the boldest presentation of energy medicine to date, written by one of its premier practitioners, internationally acclaimed medical intuitive Caroline Myss, who is amongst the "hottest new voices in the alternative health/spirituality scene" (Publishers Weekly). Based on fifteen years of research into energy medicine, Dr. Myss's work shows how every illness corresponds to a pattern of emotional and psychological stresses, beliefs, and attitudes that have influenced corresponding areas of the human body. Anatomy of the Spirit also presents Dr. Myss's breakthrough model of the body's seven centers of spiritual and physical power, in which she synthesizes the ancient wisdom of three spiritual traditions--the Hindu chakras, the Christian sacraments, and the Kabbalah's Tree of Life--to demonstrate the seven stages through which everyone must pass in the search for higher consciousness and spiritual maturity. With this model, Dr. Myss shows how you can develop your own latent powers of intuition as you simultaneously cultivate your personal power and spiritual growth. By teaching you to see your body and spirit in a new way, Anatomy of the Spirit provides you with the tools for spiritual maturity and physical wholeness that will change your life.

The Art of Healing-Bernie S. Siegel 2013-09-15 In 1979, Dr. Bernie S. Siegel, a successful surgeon, took a class from Elisabeth Kübler-Ross that focused on crayon drawing for healing, especially with patients facing life-threatening disease. Siegel incorporated into his practice these techniques — many of which were laughed at by others in the medical community. But his Exceptional Cancer Patients “carefrontation” protocol facilitated healings, often deemed miraculous, and attracted attention. “Dr. Bernie” discovered and shared the fact that while patients might need antibiotics, surgery, radiation, and chemotherapy, their bodies also want to heal. He found that this innate propensity could be aided by unconventional practices, including drawing. Why? Drawing produces symbols often representing the subconscious. Siegel shows how to interpret drawings to help with everything from understanding why we are sick to making treatment decisions and communicating with loved ones. All those facing ill health, and those caring for them, personally and professionally, will welcome the hands-on, patient-proven practices offered here.

The Healing Path of Prayer-Ron Roth
2010-04-07 Prayer is the key to tapping into the healing energy of the Divine. Yet for many people, prayer has been reduced to a rote practice that has lost its basic meaning and efficacy. In his long-awaited first book for an ecumenical readership, internationally renowned spiritual healer Ron Roth teaches his unique approach to prayer as energy medicine. The Healing Path of Prayer explains in detail the connection between healing, faith, and prayer. Roth shows you how to find your own path to prayer in a way that connects with God's healing energy. As Roth explains, you can use this energy not only for physical healing but also, perhaps more significantly, for healing emotional and spiritual wounds that may be at the root of physical maladies. The Healing Path of Prayer gives you specific guidance in setting up a daily healing prayer practice. Through a series of simple but effective exercises and rituals, Roth shows you how to celebrate your own sacraments and become a mystic in the course of your everyday life. Each chapter offers a new, higher level of prayer, enabling you to acquire more advanced techniques of focus, intention, and insight. As Roth revitalizes many tired, traditional prayers with his fresh and inspiring reinterpretations from original scripture, he also recounts the dramatic story of when he discovered his healing abilities, as well as true cases of healing in which he has participated. The Healing Path of Prayer is a blueprint for a truly democratic spirituality. Roth's instruction on how to pray and establish a daily practice of meditation will lead readers into a vital path of everyday mysticism and personal power.

How the Light Gets In-Pat Schneider
2013-04-25 "'When I begin to write, I open myself and wait. And when I turn toward an inner spiritual awareness, I open myself and wait.' With that insight, Pat Schneider invites readers to contemplate their lives through spiritual observation and exploratory writing. In seventeen concise thematic chapters that include meditations on topics such as fear, prayer, forgiveness, social justice, and death, How the Light Gets In gracefully guides readers through the philosophical and spiritual questions that

face everyone in the course of meeting life's challenges. Praised as a 'fuse lighter' by author Julia Cameron and 'the wisest teacher of writing I know' by the celebrated writing guru Peter Elbow, Pat Schneider has lived a life of writing and teaching, passion and compassion. With *How the Light Gets In*, she delves beyond the typical 'how-to's' of writing to offer an extended rumination on two inner paths, and how they can run as one. Schneider's book is distinct from the many others in the popular spirituality and creative writing genre by virtue of its approach, using one's lived experience--including the experience of writing--as a springboard for expressing the often ineffable events that define everyday life. Her belief that writing about one's own life leads to greater consciousness, satisfaction, and wisdom energizes the book and carries the reader elegantly through difficult topics. As Schneider writes, 'All of us live in relation to mystery, and becoming conscious of that relationship can be a beginning point for a spiritual practice--whether we experience mystery in nature, in ecstatic love, in the eyes of our children, our friends, the animals we love, or in more strange experiences of intuition, synchronicity, or prescience.'"--Provided by publisher.

Crossing the Mangrove-Maryse Conde
2011-03-02 In this beautifully crafted, Rashomon-like novel, Maryse Conde has written a gripping story imbued with all the nuances and traditions of Caribbean culture. Francis Sancher--a handsome outsider, loved by some and reviled by others--is found dead, face down in the mud on a path outside Riviere au Sel, a small village in Guadeloupe. None of the villagers are particularly surprised, since Sancher, a secretive and melancholy man, had often predicted an unnatural death for himself. As the villagers come to pay their respects they each--either in a speech to the mourners, or in an internal monologue--reveal another piece of the mystery behind Sancher's life and death. Like pieces of an elaborate puzzle, their memories interlock to create a rich and intriguing portrait of a man and a community. In the lush and vivid prose for which she has become famous, Conde has constructed a Guadeloupean wake for Francis Sancher. Retaining the full color and vibrance of Conde's homeland, *Crossing the Mangrove* pays

Messages from Water and the Universe-

Masaru Emoto 2010-07-01 Masaru Emoto’s 15 extensive years of study on water has given him the background to discuss what water is, how it has been implicated in the creation of the universe, and why a perfect ratio of Love and Gratitude can help this energy can go on

infinitely. This fascinating book explains how our prayers, goodwill, and positive words heal us humans—as well as viruses and the universe as a whole—through water. Dr. Emoto explains that the fact that water has lost its true form shows that our way of living has moved away from God’s will, so we should be aware of our Creator’s alert to "correct the way we are living now." The information in this work is an important step in revealing how we can modify our way of living to bring about true peace on earth.

The Hidden Messages in Water-Masaru Emoto

2011-07-05 In this New York Times bestseller, internationally renowned Japanese scientist Masaru Emoto shows how the influence of our thoughts, words and feelings on molecules of water can positively impact the earth and our personal health. This book has the potential to profoundly transform your world view. Using high-speed photography, Dr. Masaru Emoto discovered that crystals formed in frozen water reveal changes when specific, concentrated thoughts are directed toward them. He found that water from clear springs and water that has been exposed to loving words shows brilliant, complex, and colorful snowflake patterns. In contrast, polluted water, or water exposed to negative thoughts, forms incomplete, asymmetrical patterns with dull colors. The implications of this research create a new awareness of how we can positively impact the earth and our personal health.

Moral Capitalism-Steven Pearlstein 2018-09-25

"If anyone can save capitalism from the

capitalists, it's Steven Pearlstein. This lucid, brilliant book refuses to abandon capitalism to those who believe morality and justice irrelevant to an economic system." —Ezra Klein, founder and editor-at-large, Vox Pulitzer Prize-winning economics journalist Steven Pearlstein argues that our thirty year experiment in unfettered markets has undermined core values required to make capitalism and democracy work. With a New Introduction by the Author Thirty years ago, "greed is good" and "maximizing shareholder value" became the new mantras woven into the fabric of our business culture, economy, and politics. Although, around the world, free market capitalism has lifted more than a billion people from poverty, in the United States most of the benefits of economic growth have been captured by the richest 10%, along with providing justification for squeezing workers, cheating customers, avoiding taxes, and leaving communities in the lurch. As a result, Americans are losing faith that a free market economy is the best system. In Moral Capitalism, Pulitzer Prize-winning journalist Steven Pearlstein chronicles our descent and challenges the theories being taught in business schools and exercised in boardrooms around the country. We're missing a key tenet of Adam Smith's wealth of nations: without trust and social capital, democratic capitalism cannot survive. Further, equality of incomes and opportunity need not come at the expense of economic growth. Pearlstein lays out bold steps we can take as a country: a guaranteed minimum income paired with universal national service, tax incentives for companies to share profits with workers, ending class segregation in public education, and restoring competition to markets. He provides a path forward that will create the shared prosperity that will sustain capitalism over the long term. Previously published as Can American Capitalism Survive?

Love Is Forward-Jeff Brown 2014 In this magical collection of quotes, aphorisms and blogs, author Jeff Brown shares more of his well-loved 'spiritual graffiti' with us. Building on the success of his first collection- 'Ascending with Both Feet on the Ground'- Brown has put together another wondrous book, this time including many of his most profound love and relationship quotes with the reader. With a writing style that is unforgettably unique, he reminds us of the magnificent life that awaits us. With grounded wisdoms that enhearten and elevate, he reminds us that we are never alone in this beautifully relational human dance. We become the love we have received, and we love it forward to those we touch. In an era when readers often have little time to read entire books, this brilliantly heartarticulated collection will immediately engage their interest. And, as an added bonus, he has included some of his most inspiring blogs in the collection, including 'You are Sacred Purpose', 'Apologies to my (sweet) body', and inspirations he wrote for ABC's 'Good Morning America'. A fantastic gift book and companion for anyone seeking support on their quest for a more authentic and meaningful life.
